Specially Designed Mouldings

Flush Reducer

Made from the same top layer as your floor, this reducer is designed specifically for EverWood™ & EverTile™ and will install flush with the flooring.

Flush Stair Nosing

Made from the same top layer as your floor, the floor is clicked into the nosing for a flawless look, without transition bumps.

ThinStrip T-Moulding

A unique, extreme low profile transition moulding with a 1mm edge that is colour matched to the floor with a polyurethane coating for extra wear resistance. It is bendable for height variations between floors and uses a self-adhesive strip for easy installation.

Design Flexibility & Clean Lines

Imagine a floor with the embossed grain and tangible beauty of real hardwood, stone and ceramic. One that stands up to the demands of everyday use AND can be installed with spectacular results in any space.

Hallways and Stairs

A style-matched, flush stair nosing creates a durable edge with clean lines.

From Room to Room

Enjoy a seamless look from one room to another - no "speed bumps".

**Floors over 80 linear ft. may require expansion joints.*

TORLYS Bulldog™ Easy Plank Replacer

"Your Floor's Best Friend"

The Bulldog allows you to:

- Fix major mishaps quickly and easily.
- Replace a damaged plank or tile, not your entire floor.

TORLYS dealers can easily replace damaged or dented pieces. No glue. No nails.

Contact your TORLYS retailer for details.

SmartTape

EverWood & EverTile can be installed more easily than other floating vinyl floors using TORLYS Smart Tape. Installation against a brick wall, fireplace hearth or a curved surface like a staircase is never an issue – with Smart Tape the first rows can be anchored in place to stop any movement, making installation easy.

Long Lasting Beautiful Floors.

SPANISH POINT

Staying Beautiful is Easy.

- Dust mop (with a non-treated, clean mop) or vacuum regularly. For spills and loose soil, simply wipe with cloth or sponge.
- Clean as required with TORLYS Natural Glow Eco-Friendly Cleaning Kit.
- Only use TORLYS maintenance products. Never use wet mops, highly acidic or alkaline cleaners, non-recommended commercial cleaners or polishes, or a treated mop that has been used to clean other floors or furniture.
- Use floor-protector pads on furniture feet. Protect your floor from hard castors on moveable furniture.
- Use caution when wearing high heels as they can dent flooring of any style and keep your pet's nails trimmed.
- Use entryway (non-skid cotton) mats to capture tracked-in dirt and soil, and clean them regularly. Rubber or fiber-backed mats may stain floor finish.

TORLYS Natural Glow® Eco-Friendly Cleaning Kit

TORLYS recommends Natural Glow for easy maintenance. It's biodegradable (with no VOCs), fragrance free, easy on the environment, and makes every TORLYS EverWood™ & EverTile™ floor spotless. Clean your floor as required with this easy-to-use kit. Kit contains one ready-to-use bottle of cleaner plus one bottle of concentrate, enough to clean your floor for several years.

Visit www.torlys.com for more details on TORLYS EverWood & EverTile floor maintenance.
